A line drawing of a human head in profile, facing right. The brain is depicted as a complex network of white and grey lines within the skull. A large, irregularly shaped sac-like protrusion is shown originating from the top of the brain, representing a brain aneurysm. The drawing is minimalist, using only black lines on a white background.

A close-up photograph of a black power adapter. On the left side, a yellow LED indicator is visible, which is illuminated. A black cable extends from the adapter. The background is white.

A large, black, triangular warning sign with a thick border. Inside the triangle is a white exclamation mark, indicating a warning or caution.
